Introduction

As per N.J.S.A. 18A:37-15(b) (1) any compliance with Anti-Bullying Bill of Rights, P.L. 2010, c.122.

The Northern Valley RHS Board of Education prohibits acts of harassment, intimidation or bullying (HIB) of a student. The NVRHS Board of Education has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; HIB, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect and refusing to tolerate harassment, intimidation or bullying.

The NVRHS Board of Education believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff and community members.

Students are expected to behave in a way that creates a supportive learning environment. The NVRHS Board of Education believes that the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the code of student conduct as opportunities for helping students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The NVRHS Board of Education expects that students will act in accordance with the student behavioral expectations described below:

The NVRHS Board of Education prohibits active or passive support for acts of HIB. We encourage students to support students who:

- Do not participate in acts of HIB when they see them;
- Constructively attempt to stop acts of HIB;
- Provide support to students who have been subjected to HIB; and
- Report acts of HIB to the designated school staff.

Definition

Bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance.

"Harassment, intimidation or bullying" (HIB) means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function or, on a school bus, or off school grounds, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; [or] has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with the orderly operation of the school or creates a hostile education environment at school for the student or infringes on the rights of the student at school by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Reporting Harassment, Intimidation and Bullying Behavior

The chief school administrator, principal and/or their designee shall be responsible for receiving complaints alleging violations of this policy.

The board shall allow reports to be anonymous, but no formal disciplinary action shall be based solely on an anonymous report. Any school employee, board member, contracted service provider, student, visitor or volunteer who has witnessed, or has reliable information that a student has been subject to harassment, intimidation or bullying, must report the incident to the building principal or his/her designee.

The following procedures shall apply to the reporting of incidents of harassment, intimidation and bullying committed by an adult or youth against a student:

- A. All acts of harassment, intimidation, or bullying shall be reported verbally to the school principal on the same day when the school employee or contracted service provider witnessed or received reliable information regarding any such incident;
- B. The principal shall inform the parents or guardians of all students involved in the alleged incident, and may discuss, as appropriate, the availability of counseling and other intervention services; and
- C. All acts of harassment, intimidation, or bullying shall be reported in writing to the school principal within two school days of when the school employee or contracted service provider witnessed or received reliable information that a student had been subject to harassment, intimidation, or bullying.

A board member, school employee, contracted service provider, student or volunteer who has witnessed, or has reliable information that a student has been subject to, harassment, intimidation or bullying shall report the incident to the building principal and any appropriate school official, or to any school administrator or safe schools resource officer, who shall immediately initiate the school district's procedures concerning school bullying.

remedy the reported incident.

A school administrator who receives a report of harassment, intimidation, or bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The school administrator shall take into account the circumstances of the incident when providing notification to parents and guardians of all students involved in the reported harassment, intimidation, or bullying incident. The circumstances of the incident shall be considered conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense.

Investigation Procedures and Timelines

All acts of HIB shall be reported verbally by students, staff, volunteers, to the school principal or the principal's designee (teachers, staff member, coaches, child study team member, and guidance counselor) on the same day.

The principal, or his or her designee, in consultation with the anti-bullying specialist, shall make a preliminary determination prior to initiating an investigation, as to whether a reported incident or complaint, assuming all facts presented are true, is a report that qualifies as harassment, intimidation and bullying according to the law (within the scope of N.J.S.A. 18A:37-14).

If the principal, or his or her designee, in consultation with the anti-bullying specialist, determines that the incident or complaint is a report outside the scope of the law (N.J.S.A. 18A:37-14) and does not qualify as harassment, intimidation and bullying, this determination may be appealed to the board of education according to the appeal process detailed below. The determination of the board may be appealed to the commissioner of education in accordance with law (N.J.A.C. 6A:3).

When the principal, or his or her designee, in consultation with the anti-bullying specialist, determines that the reported incident qualifies as harassment, intimidation and bullying, the report shall be investigated promptly. School employee, volunteers and/or contracted service providers reporting any incident witnessed or reliable information received regarding any such incident shall be required to document in writing any verbal reports that qualify as HIB according to the principal's (in consultation with the anti-bullying specialist) determination within two days of the report. The principal shall inform the parents or guardians of all students involved in the alleged incident, and may discuss, as appropriate, the availability of counseling and other intervention services.

The following procedures for prompt investigation of reports of violations and complaints by the Anti-Bullying Specialist shall apply:

- (a) The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident and shall be conducted by a school anti-bullying specialist. The principal may appoint additional personnel who are not school anti-bullying specialists to assist in the investigation. The investigation shall be completed as soon as possible, but not later than 10 school days from the date of the written report of the incident of HIB. In the event that there is information relative to the investigation that is anticipated but not yet received by the end of the 10-day period, the school anti-bullying specialist may amend the original report of the results of the investigation to reflect the information;
- (b) The results of the investigation shall be reported to the Superintendent of Schools within two school days of the completion of the investigation, and, in accordance with regulations promulgated by the State Board of Education pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), the Superintendent may decide to provide intervention services, establish training programs to reduce HIB and enhance school climate, impose discipline, [or] order counseling as a result of the findings of the investigation, or take or recommend other appropriate action;
- (c) The results of each investigation shall be reported to the NVRHS Board of Education no later than the date of the board of education meeting following the completion of the investigation, along with information on any services provided, training established, [or] discipline imposed, or other action taken or recommended by the Superintendent;

- (d) Parents or guardians of the students who are parties to the investigation shall be entitled to receive information about the investigation, in accordance with federal and State law and regulation, including the nature of the investigation, whether the district found evidence of HIB, or whether discipline was imposed or services provided to address the incident of HIB.

This information shall be provided in writing within 5 school days after the results of the investigation are reported to the board. A parent or guardian may request a hearing before the board after receiving the information and the hearing shall be held within 10 days of the request. The board shall meet in executive session for the hearing to protect the confidentiality of the students. At the hearing the board may hear from the school anti-bullying specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents

- (e) At the next board of education meeting following its receipt of the report, the board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The board's decision may be appealed to the Commissioner of Education, in accordance with the procedures set forth in law and regulation, no later than the 90 days after the issuance of the board's decision; and
- (f) A parent, student, guardian, or organization may file a complaint with the Division on Civil Rights within 180 days of the occurrence of any incident of HIB based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.) The range of ways in which a school will respond once an incident of HIB is identified, which shall be defined by the principal in conjunction with the school anti bullying specialist, but shall include an appropriate combination of counseling, support services, intervention services, and other programs, as defined by the commissioner.

Investigations of complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation.

Reprisal or Retaliation

Acts of reprisal or retaliation can have a chilling effect on a school environment, and can create an atmosphere where alleged violations of this policy are not reported. It is important to establish and maintain a school culture that supports the norm that all suspected acts of reprisal or retaliation are taken seriously and appropriate responses are made in accordance with the totality of the circumstances. Inconsistent applications of appropriate responses to acts of reprisal or retaliation can contribute to the culture of violence and abuse that this policy is intended to prevent.

The NVRHS Board of Education prohibits a board of education member, school employee, contracted service provider who has contact with students, school volunteer or student from engaging in reprisal, retaliation or false accusation against a victim, witness, one with reliable information or any other person who has reliable information about an act of HIB or who reports an act of HIB. Gebser v. Lago Vista Independent School District 524 U.S. 274 (1989) United States Supreme Court addresses the standard by which a district will be held liable for sexual harassment of a student by a school employee under Title IX --requires actual notice and deliberate indifference.

Davis v. Monroe County Board of Education 526 U.S. 629 (1999) United States Supreme Court establishes the standard under which a school district may be liable under Title IX for sexual harassment of one student by another student. The district will

be liable for damages only where the school officials are proven to have been deliberately indifferent to harassment of which it is actually aware. The harassment must be "severe, pervasive and objectively offensive."

Saxe v. State College Area School District 240 F.3d 200 (3rd Cir 2001) A Pennsylvania school district's anti-harassment policy was overly broad and therefore violated the Constitutional guarantee of freedom of speech.

L. W. v. Toms River Regional Schools Board of Education 189 N.J. 381 (2007) The New Jersey Supreme Court held that the standard under which a school district may be liable under the New Jersey Law Against Discrimination for student-on-student bullying or harassment is not the Title IX deliberate indifference standard, but is rather the same standard used under the NJLAD for hostile work environment cases. A district will be judged by whether the district's response met the "reasonable person" test: what would a reasonable person (teacher, supervisor, vice principal, principal, etc.) do in a similar situation. School districts will be shielded from liability under NJLAD when their preventive and remedial actions are reasonable in light of the totality of the circumstances.
